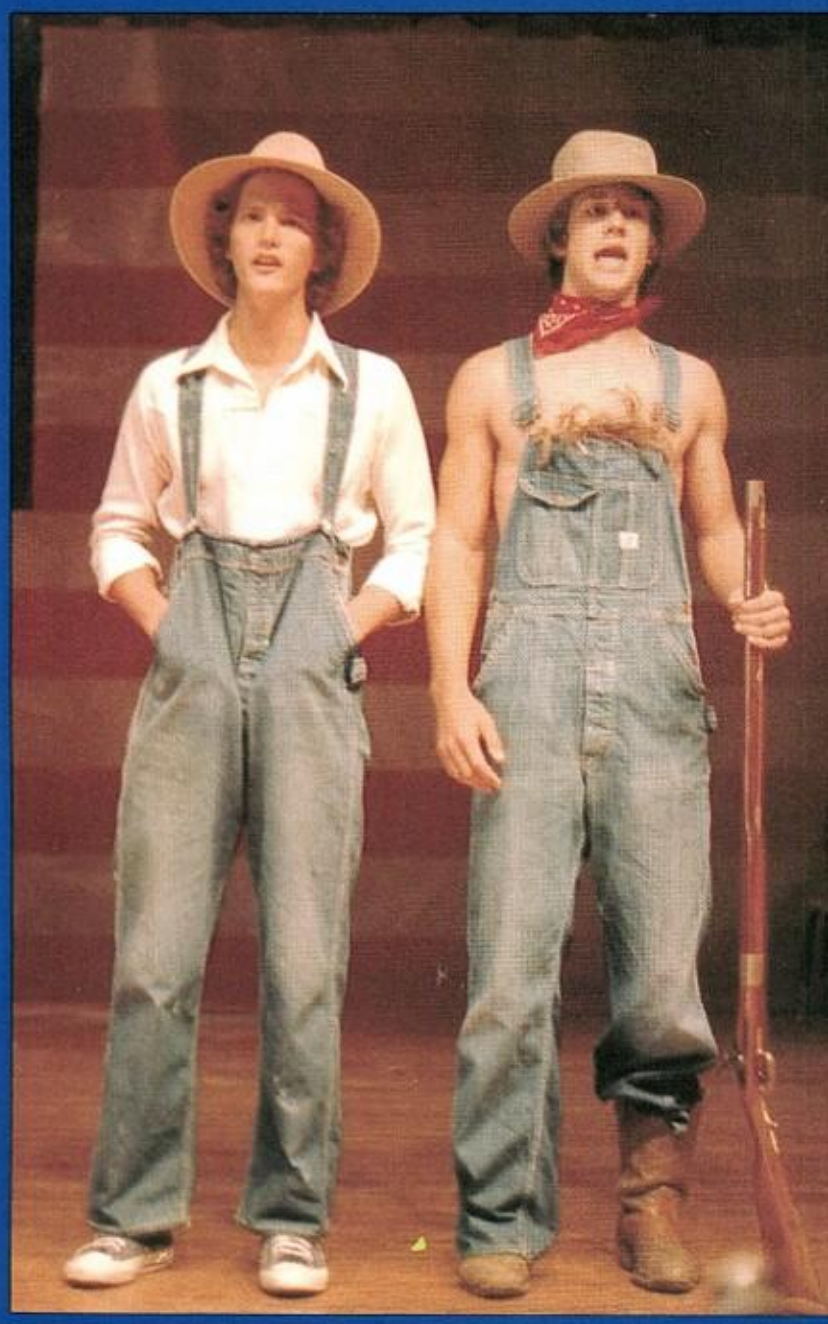
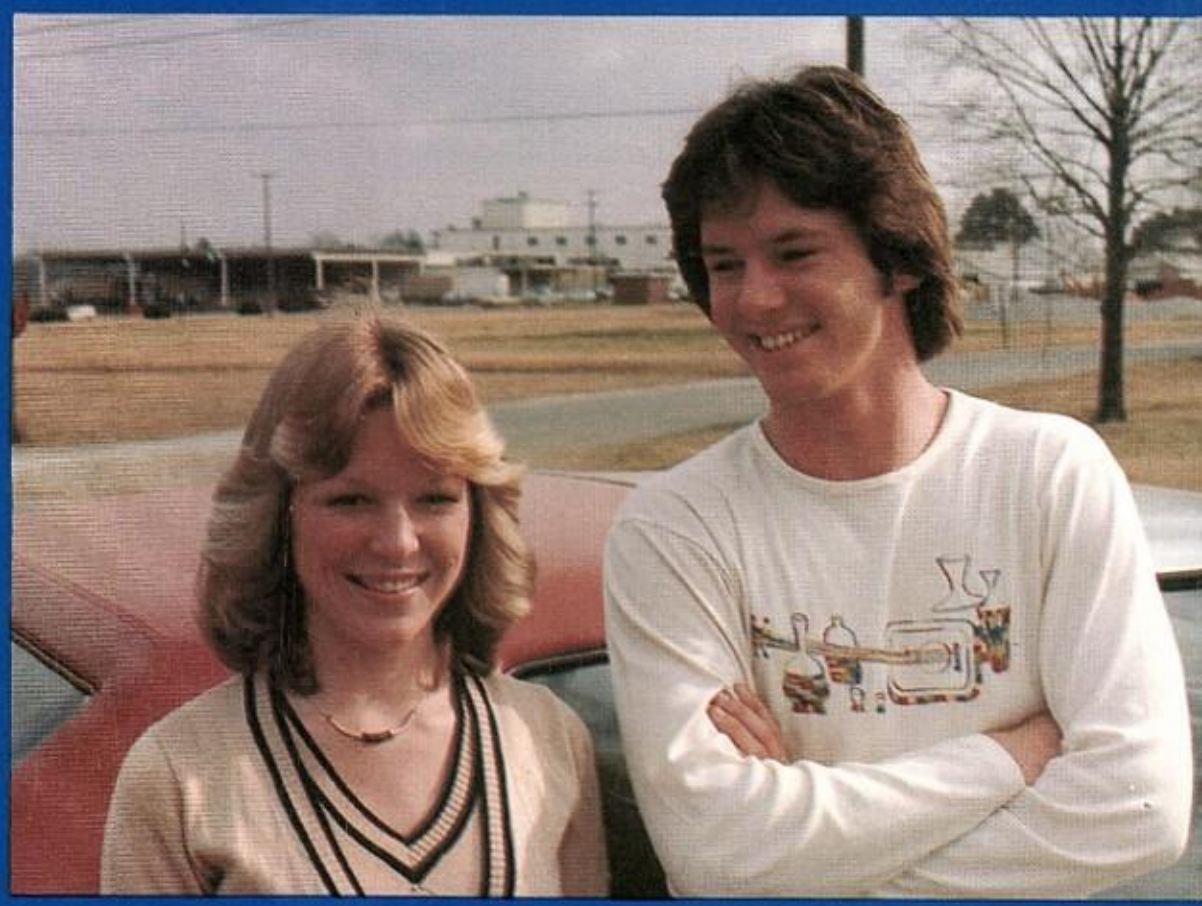
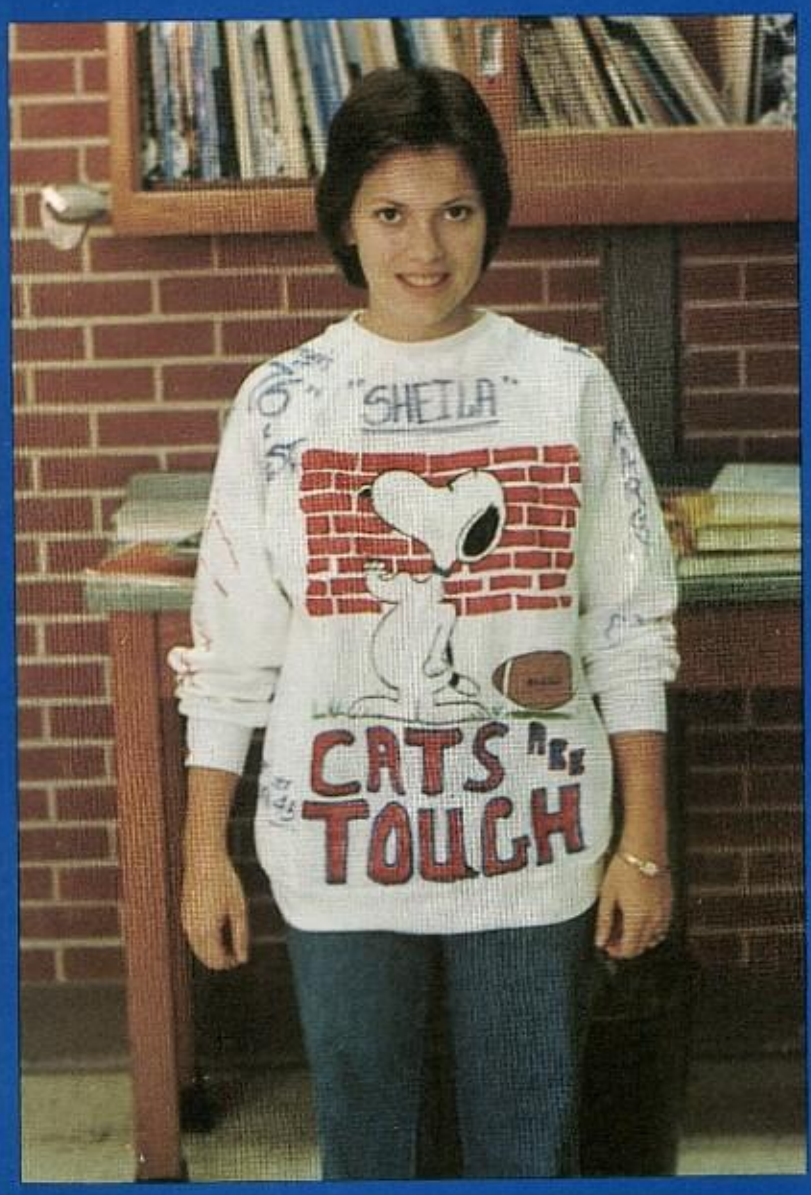
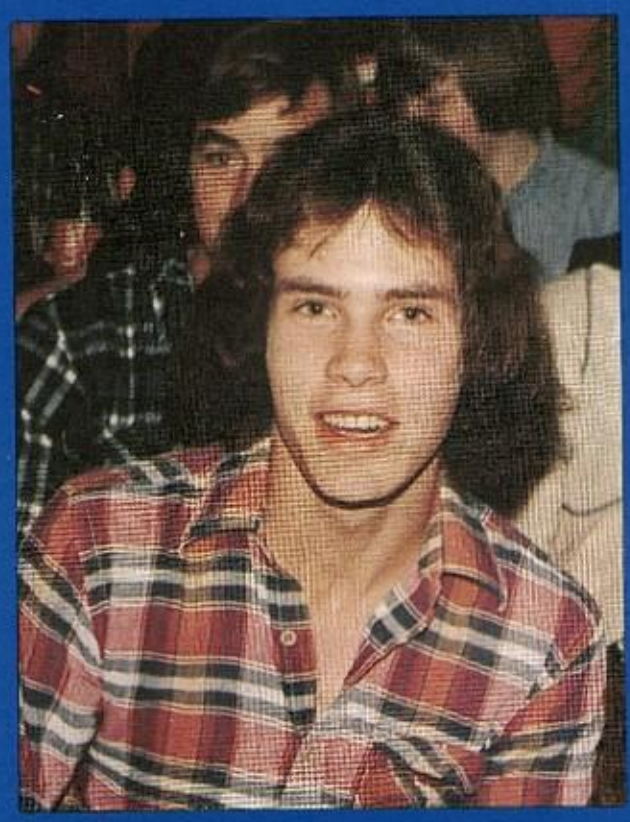
There's so much
that we share in
this small "community"
of ours, Forest High.

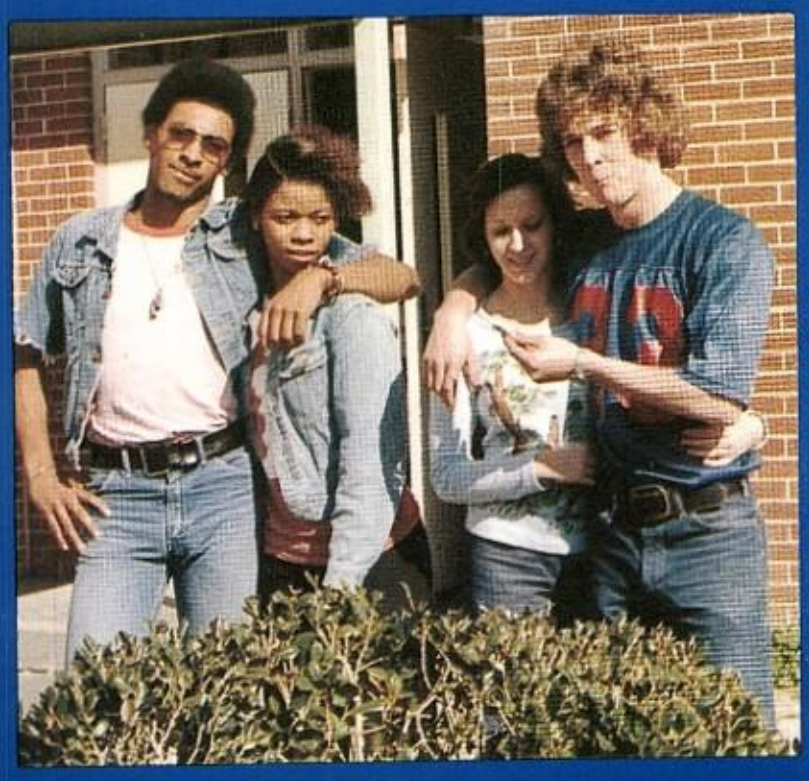




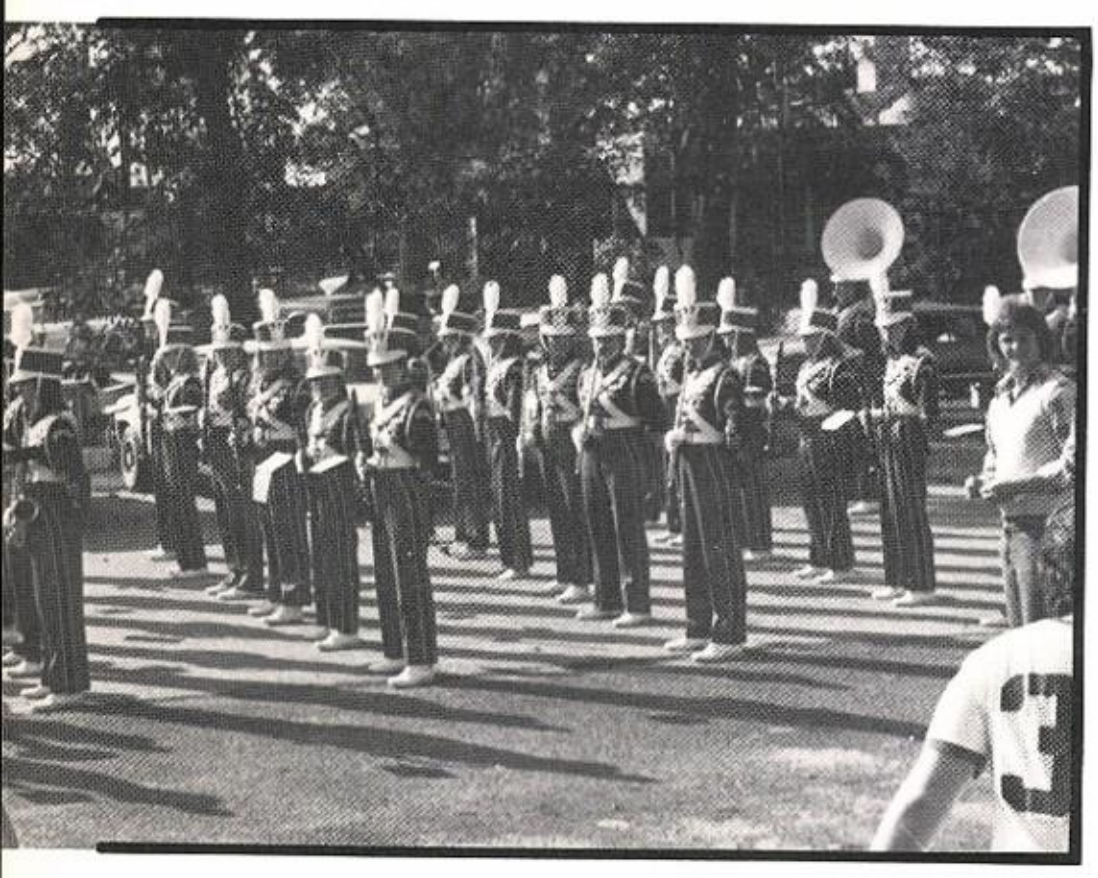
Its faculty, its activities,
and its traditions are linked
together to form a chain
of unity, making us
one in America.

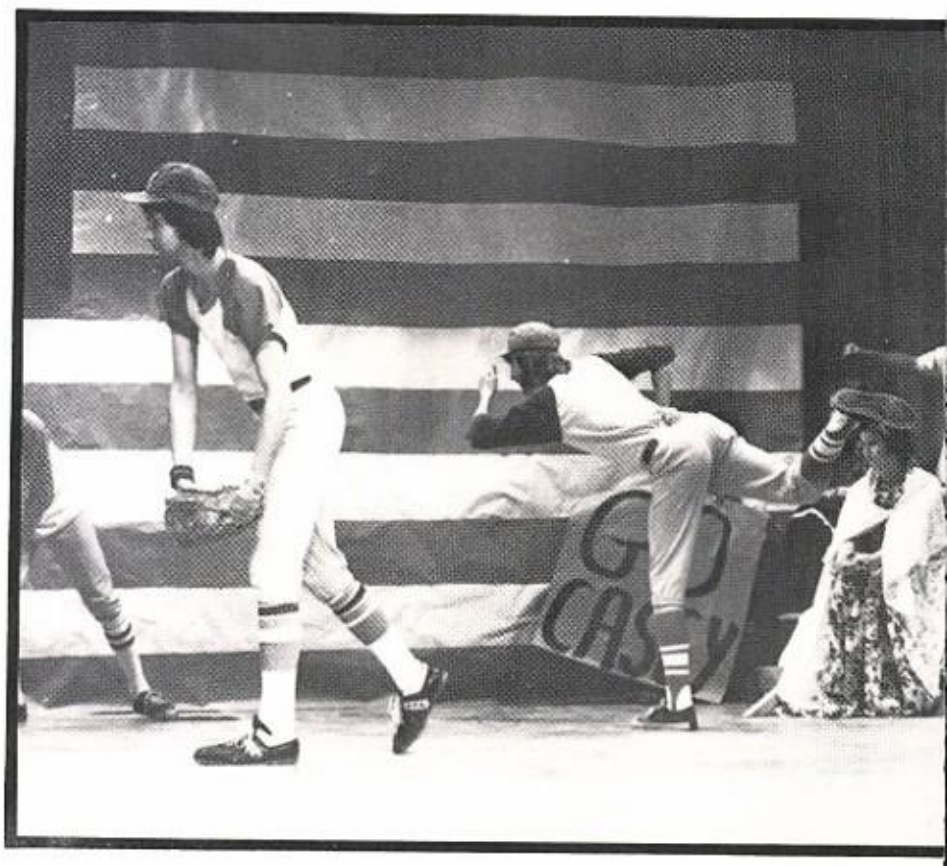


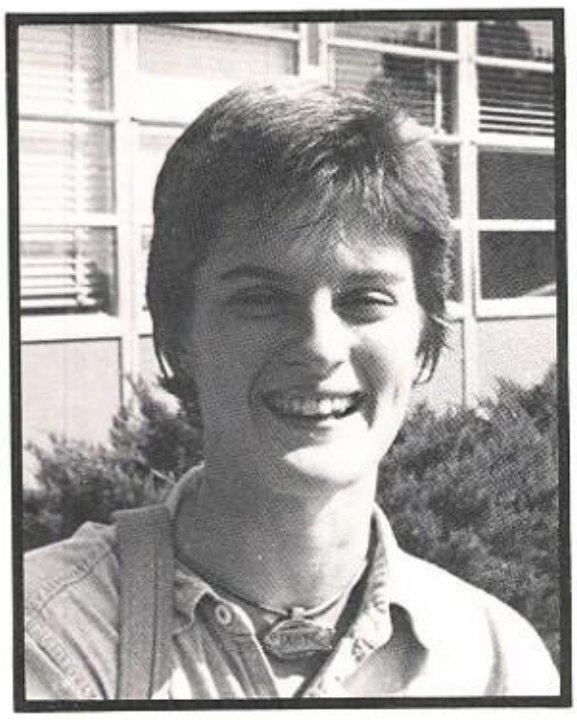


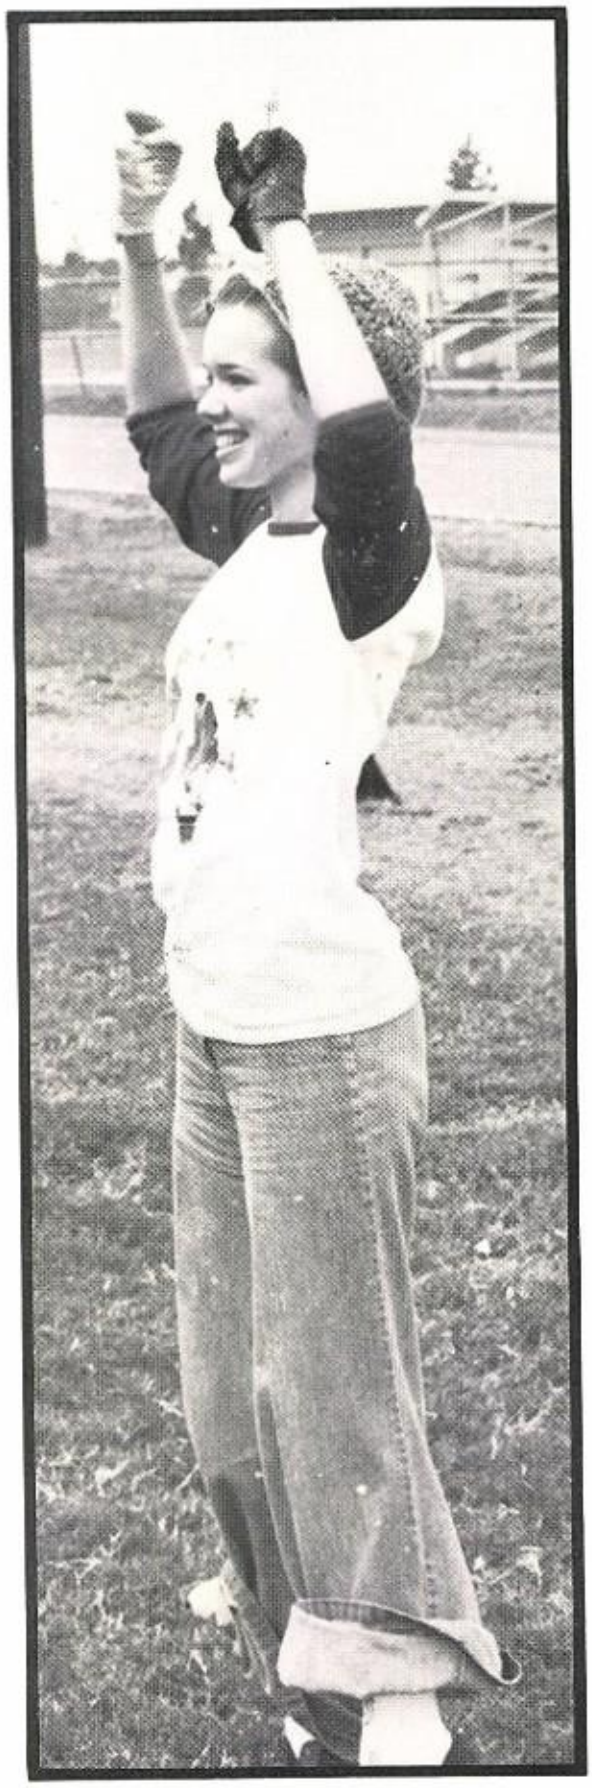


Forest High, U.S.A. —
In the American mood.

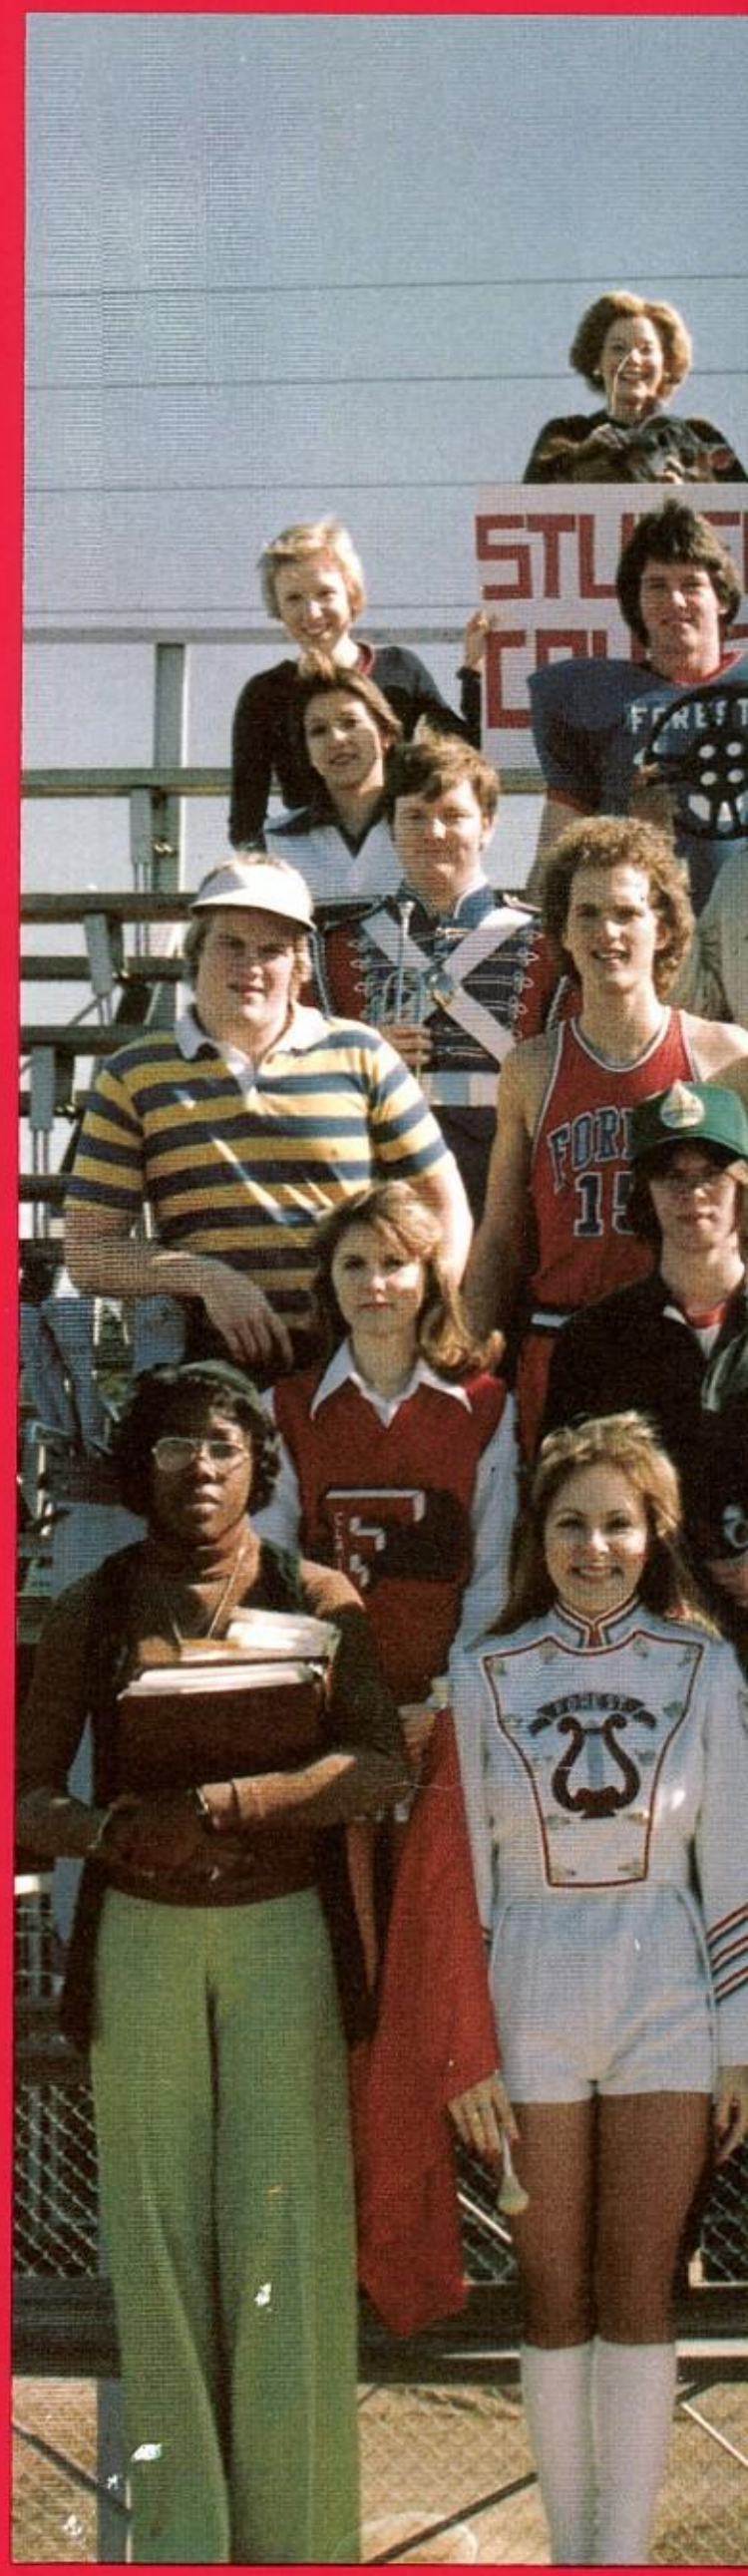




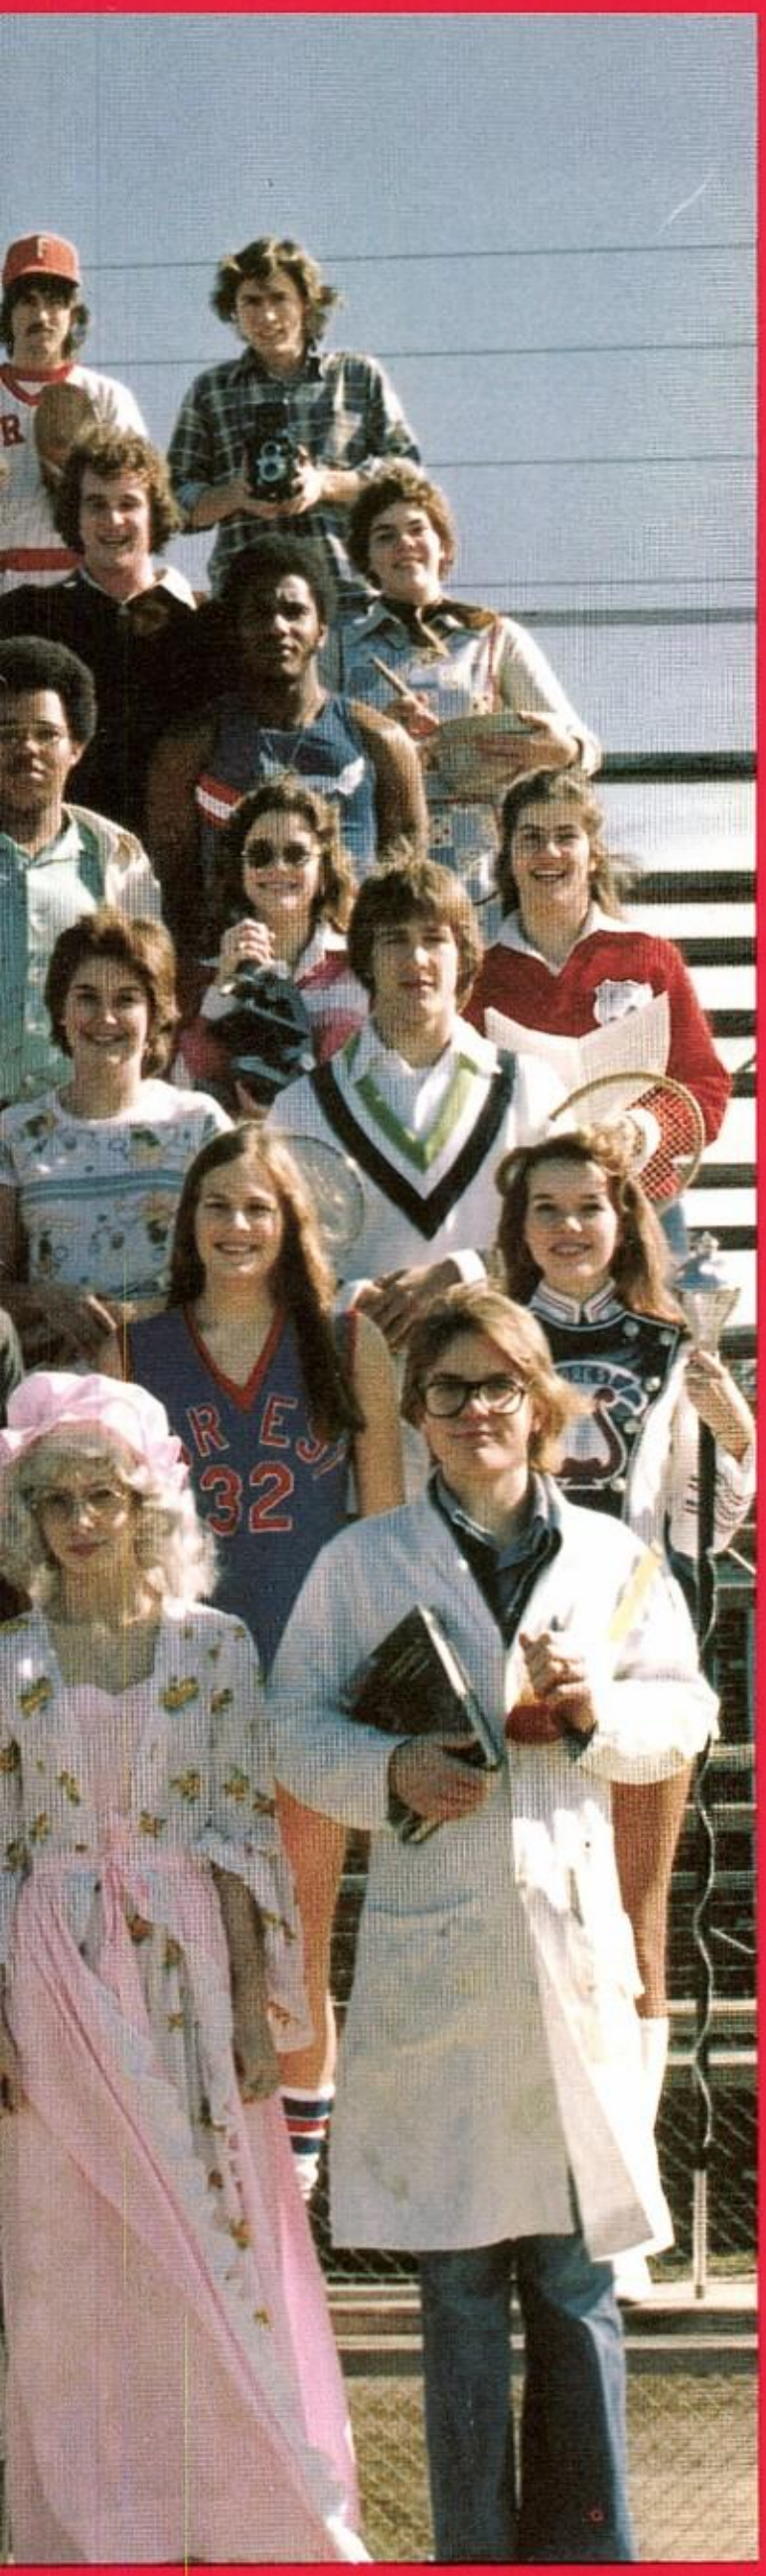


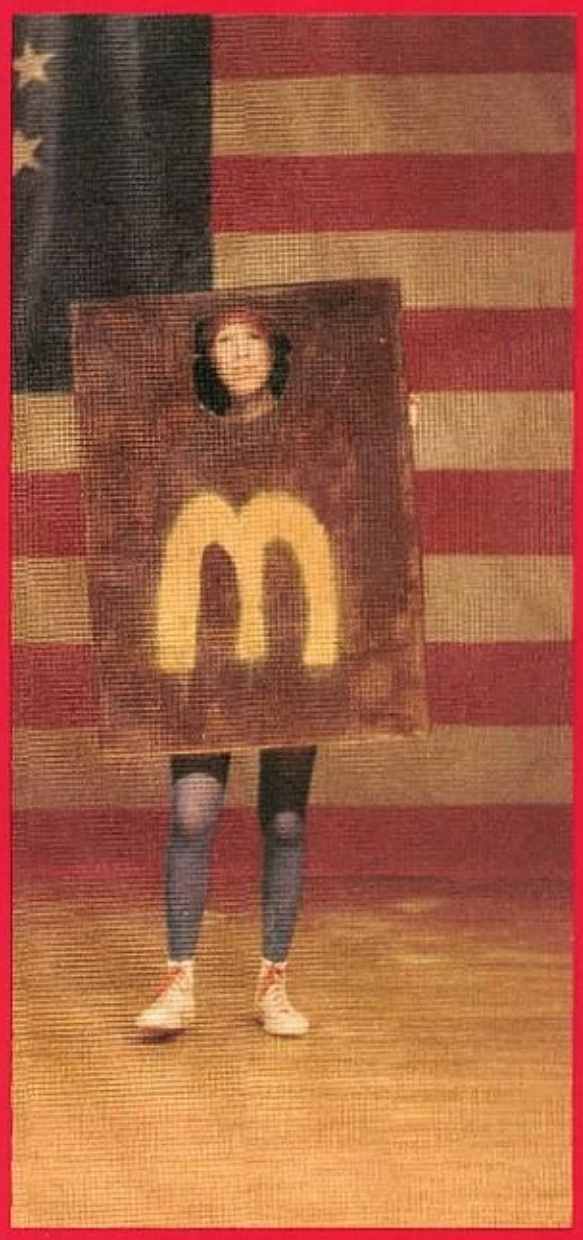


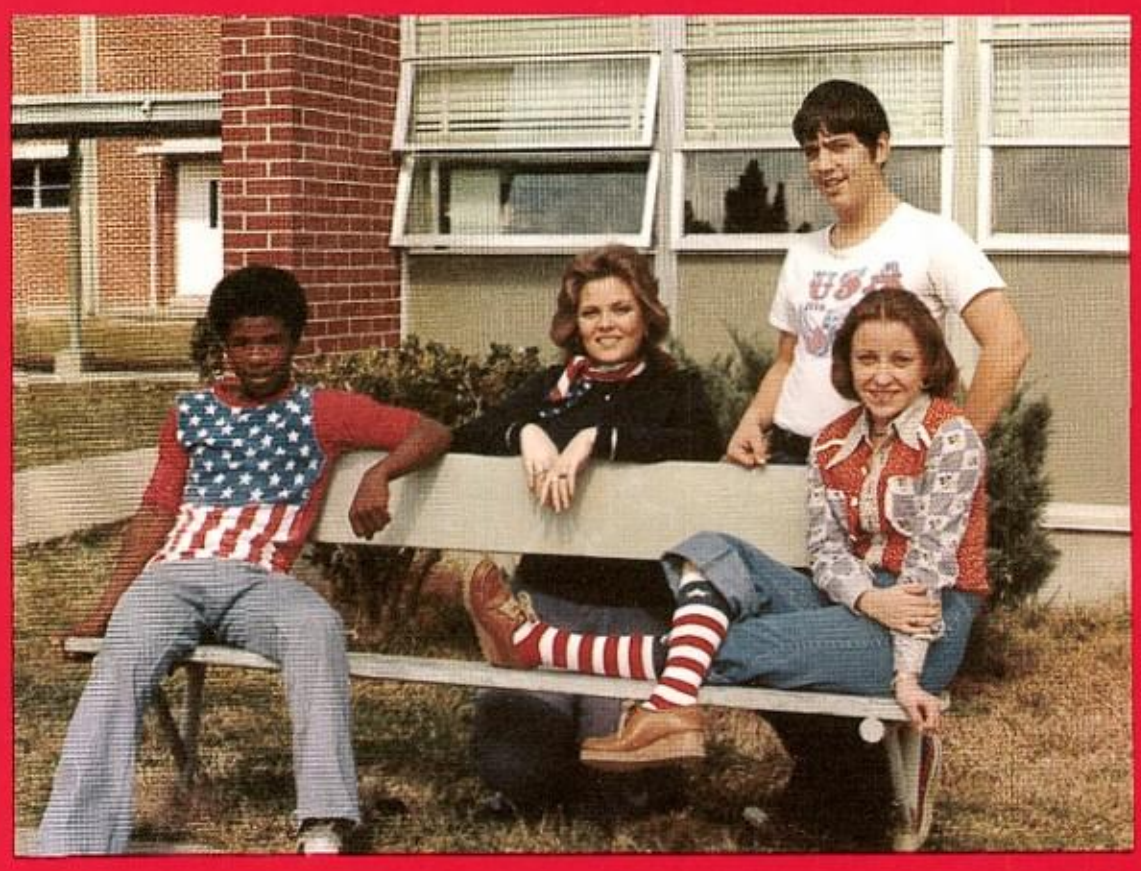
This is FHS . . .



. . . This is America.







1976 . . . A time
to be FREE, to
enjoy life to its
fullest, to smile
at the little things.

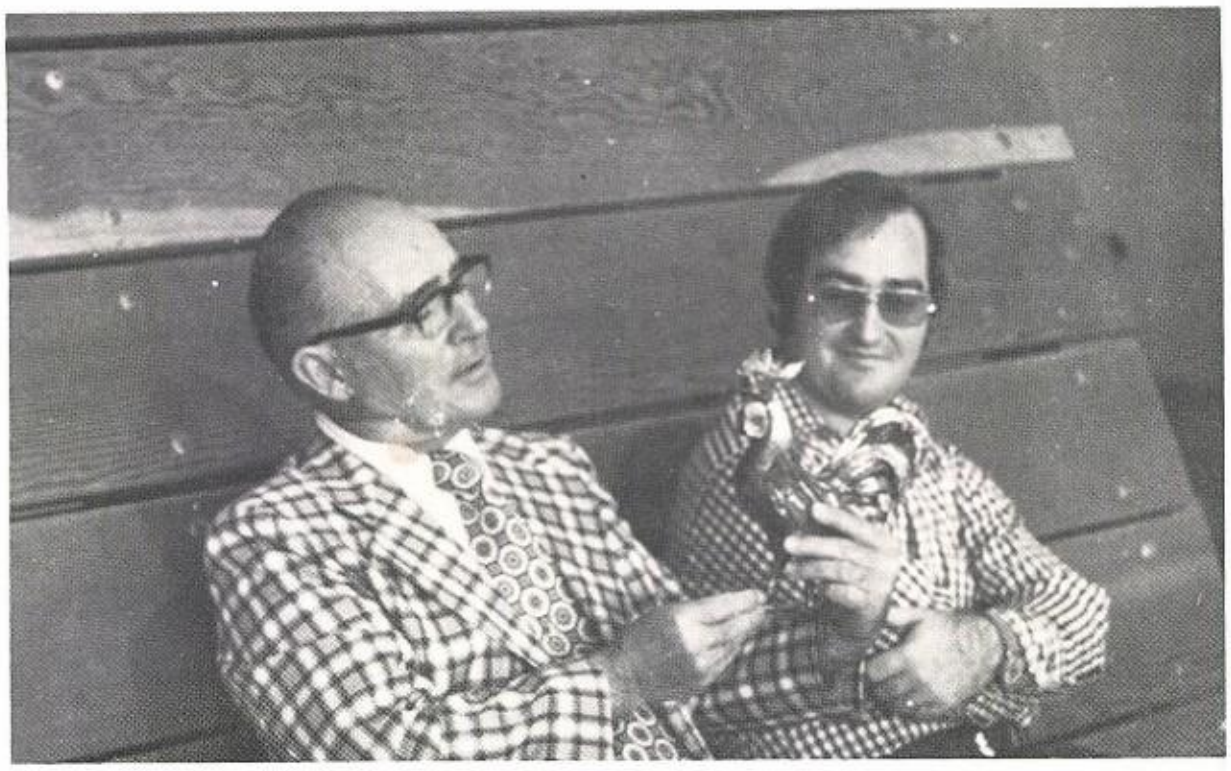
The 1976 Rambler is Proudly Dedicated to Mr. L. O. Atkins



Mr. Atkins has been a part of Forest High for twenty-three years. He came to FHS as superintendent in 1953 and is retiring this year. In the years he has been here, he has touched the lives of many and has dedicated himself to his school. He is loved and respected by the school and the city of Forest as well.

Thank you, Mr. Atkins, for the love and service you have given each student over the years.

WORDS OF APPRECIATION FROM YOUR SUPERINTENDENT

"The days may come, the days may go,
But still the hands of memory weave
The blessed dreams of long ago."

- George Cooper

How grateful we should be to those who have again given so graciously of their time, energy, and talents that we may live again, as often as we may wish, these happy days of school life. Little do we realize the magnitude of effort required to produce this pictorial record of our happy association at the Forest Schools during this the Bicentennial Year of our country.

This edition of the Rambler is truly of great significance. In years to come as you contemplate on the two hundredth birthday of the United States, you will find a source of renewed faith in a free democracy such as no people other than Americans have enjoyed. Mental recall of the days of one's youth is invariably refreshing; looking back to these happy days in 1976 should be even more significant.

Thank you, Rambler Staff, for the pleasant memories which you have helped me retain for the remaining days of my life.

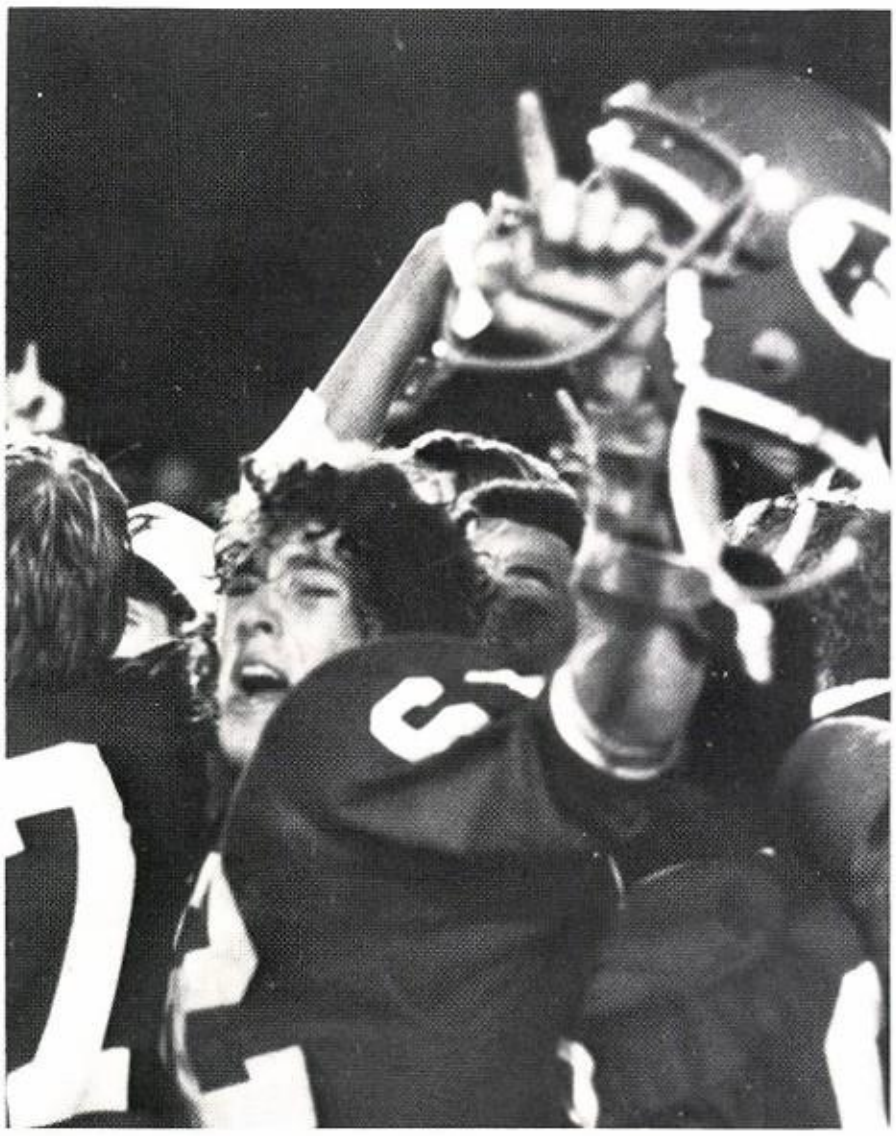
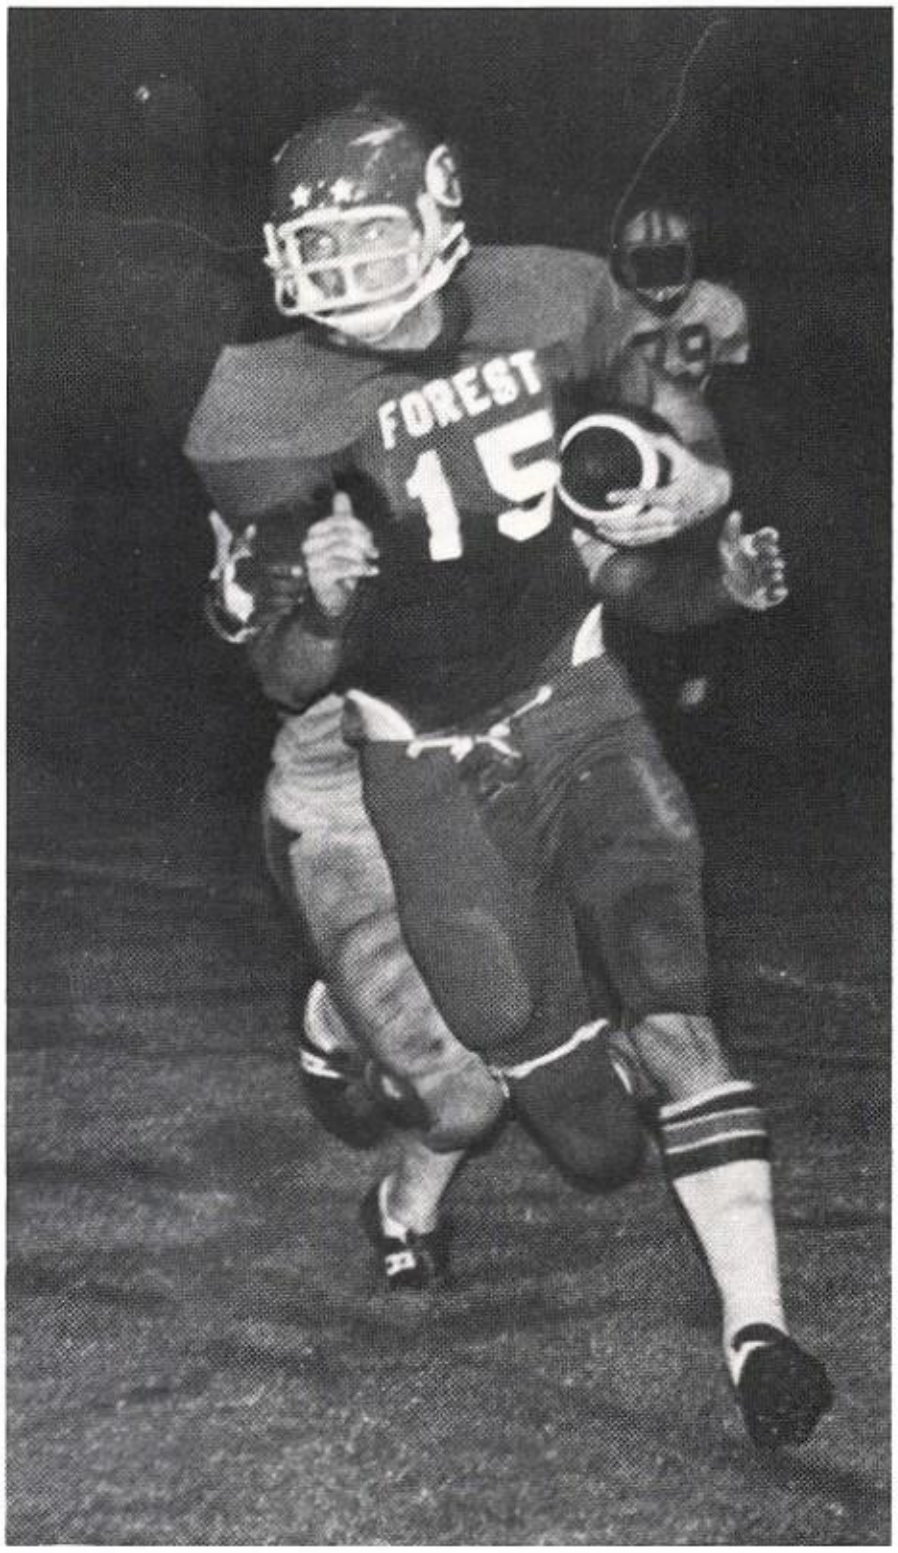
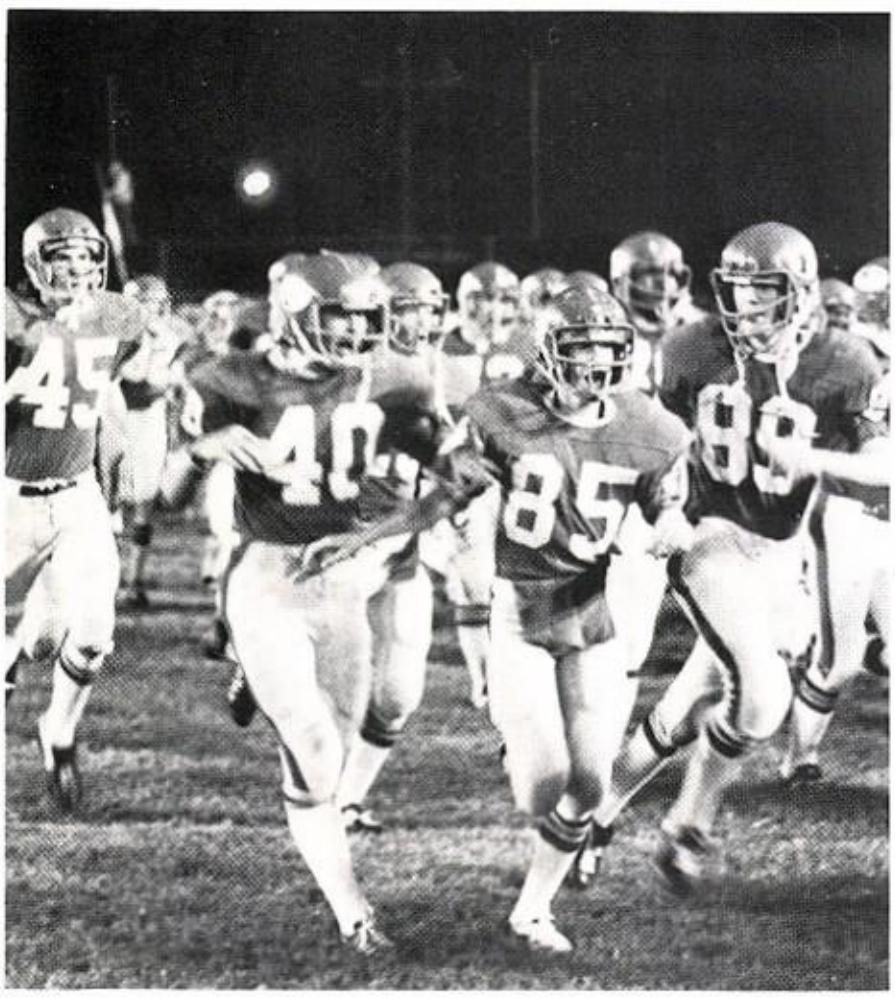
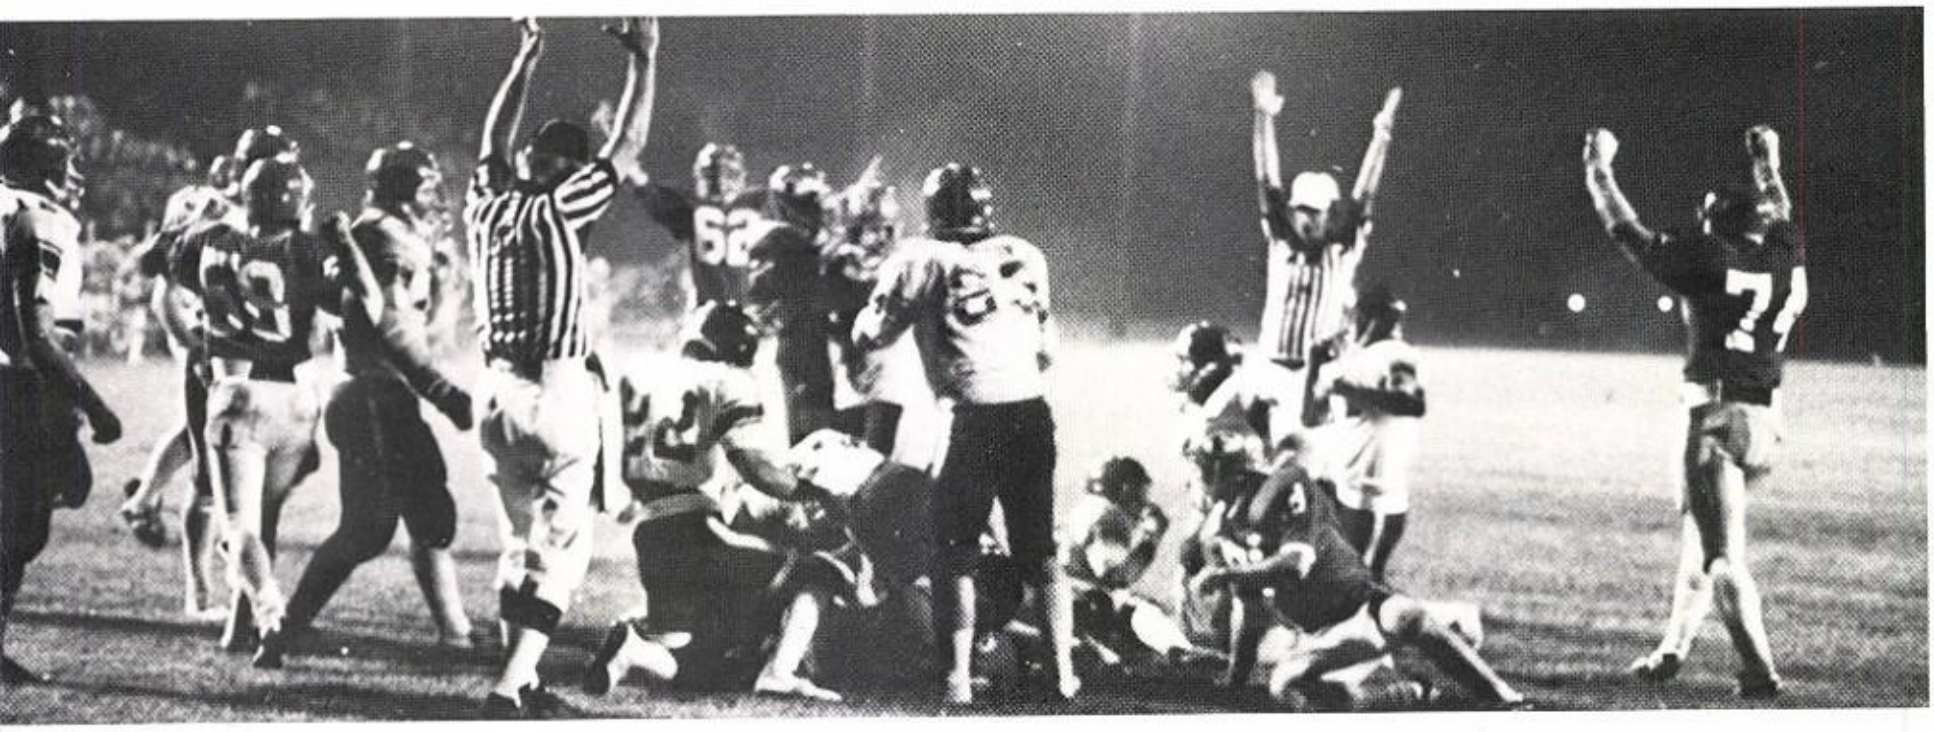
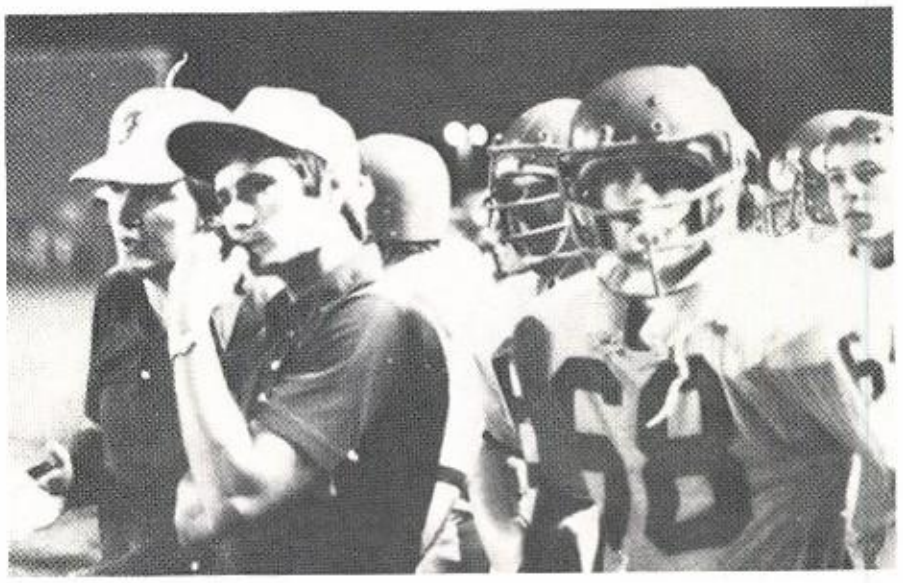
Football is a test of endurance and skill. It is fought with muscle and co-ordination and strategy. Long hours of practice paid off as the Bearcats eluded tacklers and accumulated yardage, and successfully defended their own goal line.

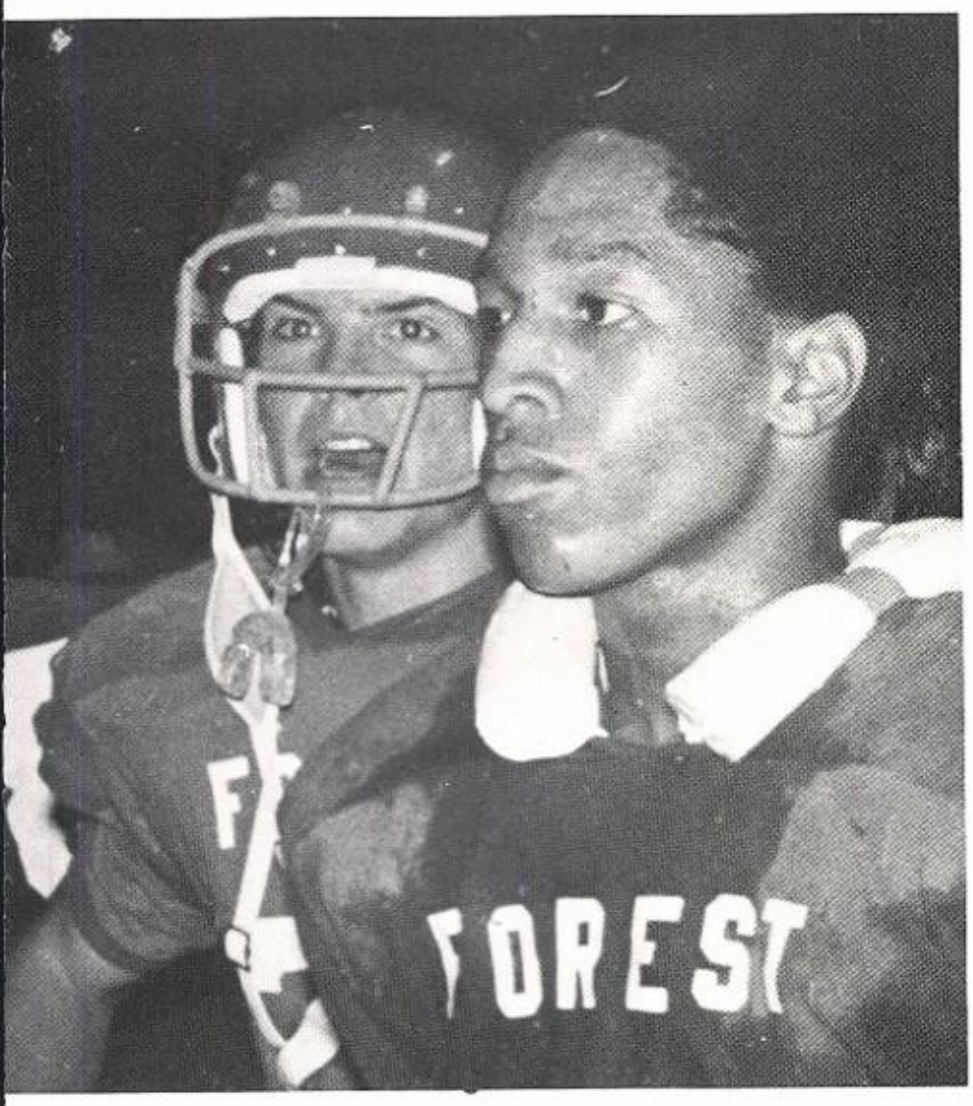


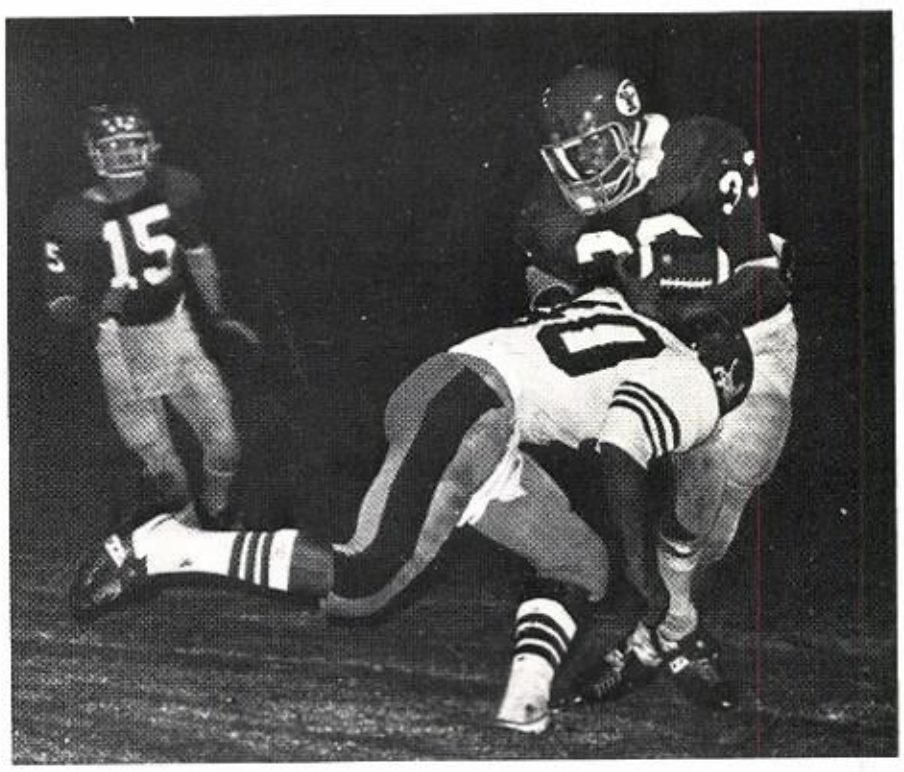












They worked together as a smoothly-functioning team and separately as skilled individuals, always paying the price for victory.

The 1975-76 Bearcat basketball team was on the small side, but had one of the most hustling teams in the school's history. They were Scott County champions and were runner-up in the Central Mississippi Basketball Classic. Their record was 14 wins and 11 losses. Because of their defense, desire, and hustle, only three teams were able to beat them by more than 8 points.

WHAT IS A SENIOR?

Being a senior is being at the top of one ladder, and realizing it's just the bottom of another. Being a senior means being special, being the heart of the school. It's knowing you can make the school a school.

WHAT IS A JUNIOR?

Being a Junior is like a sandwich. There is something above you and something below you. But it's great to know that you're in the middle, and being in the middle makes you the main and best part.

WHAT IS A SOPHOMORE?

A Sophomore is difficult to describe. You're older than a Freshman, but still younger than Juniors and Seniors. The Sophomore year is the year to plan ahead, set your goals for the future, and realize who you are and what you want out of life.
